

# Elementary AlertSolutions Contact Information

Keeping you informed, as parents, is a top priority at Palmyra Area School District. In order to allow us to send an emergency message to you, notices regarding important information about emergencies, cancellations or reminders of school events, and notification of your student's absence, it is important that accurate contact information is on file.

Correct Email addresses are also important, as important information is conveyed to our parents via email on a regular basis. Texting may also be used in certain emergency instances only. We would attempt to limit the number of texts that you receive from the district.

If your telephone or Email information changes during the school year, it is your responsibility to let us know immediately. Please contact the school office, or complete a new form (which can be found on the school's website).
